Thanks Jessica,

I could not be more happy! This lawsuit has thwarted any action on sidewalks for the past 5 years. Now, we can finally move forward.

I'll be working with Councilman Krekorian's staff to set up a series of joint committee hearings on this with Budget & Finance. Our thought right now is to have a few regional field meetings to solicit public input. The CAO will be releasing a report shortly that lays out all the policy questions that need to be addressed. That will provide a good framework for the committee discussion.

If you've got a couple minutes tomorrow, can you give me a call? As of now, I don't have a single meeting scheduled the entire day. Anytime is good.

Hi Dennis -

Congrats on the settlement! J

I just wanted to touch base and see if there was anything we could help with, or if you knew what the next steps were in terms of hearing to vet ideas, etc.? Let me know if you want to chat by phone.

All the best,
